

PRICE LIST CUSTOMER SERVICE

VALID AS PER JANUARY 1ST, 2023

RECOMMENDED RETAIL PRICE (INCLUDES GST) "AUSTRALIAN MARKET"

OMEGA timepieces are designed to accompany you for a lifetime if they receive the best care. The service frequency depends on the use and the environment in which they are worn.

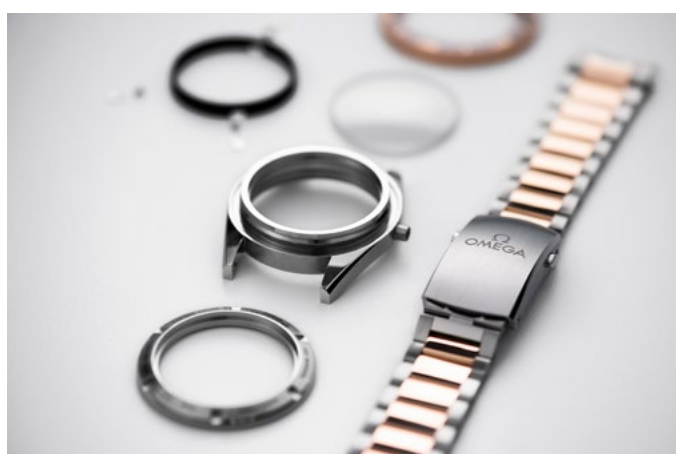

We recommend having the water resistance checked once a year and a complete service performed every 5 to 8 years at an OMEGA authorised service centre.

COMPLETE SERVICE

The complete service restores the functional and aesthetic aspect. The watch is completely dismantled and overhauled.

STEPS OF THE COMPLETE SERVICE

1. Disassembling the case and the movement
2. Cleaning the movement
3. Replacing worn components of the movement
4. Reassembling and lubricating the movement
5. Adjusting the movement and controlling its parameters
6. Cleaning and polishing the case and bracelet
7. Reassembling the case and renewing the water resistance with service kit (see [page 6](#))
8. Complete quality control

EXTRACT & CERTIFICATE

Over the years, OMEGA has collected and preserved a wealth of information, so watch owners can get expert glimpses into the history of their timepiece.

EXTRACT FROM THE ARCHIVES

Similar to a birth certificate, this document contains the production date of the watch and detailed information on how it left our factory. The extract from the archives is available for watches older than 10 years.

CERTIFICATE OF AUTHENTICITY

Specialised watchmakers in Switzerland will examine the timepiece and establish its authenticity using the information recorded in the archives.

An authentic OMEGA timepiece is a watch powered by the correct OMEGA calibre constructed entirely of, and serviced with corresponding OMEGA components.

All components of the watch head must also correspond to the information in our production documents and service guidelines.

Only timepieces that are older than 30 years old are eligible for an expertise.

The examination will be charged independently of the result.
